### FUND RETURNS (NET OF FEES) – USD CLASS B\*

	JAN	FEB	MAR	APR	MAY	JUN	JUL	AUG	SEP	OCT	NOV	DEC	TOTAL
2025									0.71%	0.81%	0.78%	0.83%	3.17%

\*The performance information is based on the back-tested performance of hypothetical investments from 1 September 2025 to 28 February 2026 for the USD share class. "Back-testing" is a process of objectively simulating historical investment returns by applying a set of rules for buying and selling securities, and other assets, backward in time, testing those rules, and hypothetically investing in the securities and other assets that are chosen. Back-testing is designed to allow investors to understand and evaluate certain strategies by seeing how they would have performed hypothetically during certain time periods. While back-testing results reflect rigorous application of the investment strategy selected, back-tested results have certain limitations and should not be considered indicative of future results. The results achieved in our simulations do not guarantee future investment results.

## DISCLOSURE

Skybound Capital Diversified PCC was incorporated as a protected cell public company limited by shares on 27 February 2019. It was issued a Category 1 Global Business Licence and received approval from the Financial Services Commission to operate as an Expert Fund under Regulation 79 of the Securities (Collective Investment Schemes and Closed-end Funds) Regulations 2008 on the same date. As a protected cell company under the Protected Cell Companies Act 1999, Skybound Capital Diversified PCC is recognised as a single legal entity. Each Cell within the Company is segregated, with proceeds from share issues allocated specifically to the respective Cell and kept separately from other Cells. This structure ensures that the assets of one Cell are not used to satisfy the liabilities of another. The Company's voting core shares, which do not carry economic participation rights in the Cells, are ultimately owned/controlled by Mr. Conrad Amm, following their transfer from Silverspoon Nominees on 11 January 2023. Investors in each Cell retain beneficial ownership of the assets within their respective Cells.
